OUR FOUNDER

Mr. Noor Mohammad
Founder, Target Mecon Pvt. Ltd.

It is my pleasure to introduce Target Mecon Pvt. Ltd. (TMPL)—formerly known as Target Construction—to you. Founded with a clear vision for India's industrial sector, TMPL has grown into a trusted partner for industrial insulation EPC, serving industries such as Thermal Power, Cement, Steel, Sugar, Pharma, Refinery, Fertilizer, Gas, and Aluminium, with disciplined execution, transparent communication, and dependable workmanship.

At Target Mecon, we believe that client satisfaction is the foundation of a lasting reputation. Our commitment is to deliver insulation, cladding, and related works with a professional, efficient, and safety-first approach—helping owners protect assets, improve energy performance, and keep plants running with confidence.

BOARD OF DIRECTOR

Mr. Mohammad Rustam
Director, Target Mecon Pvt. Ltd.

Target Mecon Pvt. Ltd. benefits from strong board-level direction as we scale industrial insulation and cladding execution across India. Our focus remains on safe sites, compliant delivery, and accountable project leadership for every client we serve.

Mr. Mohammad Rustam serves as Director of Target Mecon Pvt. Ltd., bringing structured leadership and mechanical engineering insight to how we plan, procure, and execute complex insulation EPC work fronts. He strengthens governance, risk oversight, and strategic growth—helping TMPL deepen client trust while building a capable, disciplined site and engineering team.

ABOUT US

Company Overview

Target Mecon Pvt. Ltd. (formerly known as Target Construction) is a leading industrial Insulation service provider delivering high-performance solutions across industrial, commercial, and infrastructure sectors. With over a decade of expertise, we specialize in Thermal Insulation, Refractory Work, Roof Sheeting, Industrial Painting, and Project Management.

Serving industries such as Thermal Power, Cement, Steel, Sugar, Pharma, Refinery, Fertilizer, Gas, and Aluminium, we are known for our commitment to quality, safety, and timely execution. Backed by a skilled workforce of 250+ professionals and experienced engineers, we combine technical expertise with modern equipment to handle complex, large-scale projects efficiently.

Driven by a client-centric approach, our focus goes beyond execution — we deliver reliable, customized solutions that create long-term value for our clients.

We assure quality work, skilled manpower, and timely completion with full commitment. We look forward to an opportunity to serve you.

“Our motto - Quality with Commitment.”

TARGET MECON
pvt. ltd.

VISSION

At Target Mecon Pvt. Ltd., our mission is to deliver EPC insulation services professionally and exceed client expectations by ensuring quality craftsmanship, timely and safe project completion, competitive and transparent pricing, and maintaining open two-way communication with our clients.

MISSION

To be the preferred industrial insulation EPC partner across India—recognized for engineering rigour, dependable execution, and safe, on-time delivery on complex power, steel, cement, refinery, and process plant projects—while growing capability, team strength, and long-term client trust.

WHY CHOOSE US

At Target Mecon Pvt. Ltd., we deliver reliable, end-to-end EPC insulation solutions backed by technical expertise, skilled manpower, and a strong commitment to quality and safety. With a client-centric approach and proven execution capabilities, we ensure efficient, timely, and high-performance results for every project.

- Single-point project accountability
- Cost optimization through planning
- Site-level quality inspections
- Milestone-based delivery tracking

150+

OUR SERVICES

At Target Mecon Pvt. Ltd., we deliver comprehensive EPC

1) Engineering :

Our engineering expertise forms the backbone of every successful project. We provide detailed planning, technical design, and optimized insulation solutions tailored to project requirements.

- Heat loss/gain calculations & insulation thickness design
- Material selection based on temperature, environment & application
- BOQ preparation & technical specifications
- Method statements & project planning
- Energy efficiency and performance optimization

2) Procurement :

We ensure the supply of high-quality insulation materials and accessories sourced from trusted vendors, meeting industry standards and project specifications.

Insulation Materials

- Thermal Insulation (Rockwool, Glass Wool, Ceramic Fiber)
- Cold Insulation (PUF, PIR, Nitrile Rubber)
- Acoustic Insulation (Mineral Wool, Acoustic Panels)

Accessories & Consumables

- Aluminum / GI Cladding Sheets
- Self-Drilling / Self-Tapping Screws
- SS Binding Wires, Bands & Fasteners
- Insulation Pins, Studs, Anchors
- Sealants, Adhesives & Vapour Barriers
- Scaffolding materials & safety equipment

3) Construction :

With a highly skilled workforce and experienced supervision, we execute projects with a strong focus on safety, quality, and timelines.

- Installation of Thermal, Cold & Acoustic Insulation Systems
- Cladding & Finishing Works
- Scaffolding & site execution management
- Strict adherence to safety standards and QA/QC procedures
- Timely project delivery with cost-effective solutions

OUR RESOURCES

1) Manpower Excellence :

Our experienced and dedicated workforce ensures flawless execution across all project stages:

- Semi-Skilled & Helper Workforce
- Skilled Scaffolders
- Tested Welders
- Skilled Insulators
- Highly Skilled Cladder & Fabricators (Cladding Work)
- Site Engineers & Supervisors

2) Safety First Approach :

We strictly adhere to industry safety standards by equipping our workforce with mandatory PPE, ensuring a safe and compliant work environment:

- Safety Helmets & Shoes
- Hand Gloves & Safety Goggles
- Face Masks & Ear Protection
- Reflective Jackets
- Full Body Safety Harness (Height Work)
- Double Fall Protection Systems (RFA)
- Fire Extinguishers for Site Safety

OUR RESOURCES

3) Advanced Equipment & Tools :

We deploy modern tools and machinery to ensure precision, speed, and quality in execution:

- Scaffolding Systems (Steel / Cuplock) with GI Forge Clamps
- GI Planks, Aluminium Ladders, Ropes & Pulley Blocks
- Hand Tools (Spanners, Cutters, Center Puch, Right Angle, Divider)
- Installation Tools (Nut Runners, Screwdrivers, Rivet Guns)
- Fabrication Machines (Rolling, Shearing, Grooving Machines)
- Power Tools (Drilling, Welding, Grinding, Cut-Off Machines)

4) Execution Capability :

With the right combination of manpower, safety systems, and advanced equipment, we ensure:

- Efficient and safe project execution
- High-quality insulation and cladding work
- Timely delivery of large-scale industrial projects

OUR SERVICE PROJECTS :

| Name of Client | Name of Customer | Nature of Work | Place of Work | Period of Work | Contract Value |
|--|--------------------------|---|-----------------------------|----------------|----------------|
| Imeco Overseas (P) Ltd. | Adani – Korba Power Ltd. | Thermal Insulation Works of Electrostatic Precipitator (ESP) for 2*660 MW (Stage-II) at Adani-Korba Power Ltd. | Korba (CG) | Under Progress | INR 2.67 Cr |
| Shree Enermech Pvt. Ltd. (C/o - JVML) | JSW Steel Ltd. | Thermal Insulation Works of Electrostatic Precipitator (ESP) and auxiliaries Duct & Fans for Sinter Plant #5 at JVML Project. | JSW Steel Ltd, Bellary (KA) | 2024-2025 | INR 1.5 Cr |
| Kunal Turbo Energy Pvt. Ltd. | Hindustan Power Ltd. | Thermal Insulation Works of WFGD Project for 2*600 MW TPP at HPPPL Anuppur Thermal Power Project. | Anuppur (MP) | 2023-2024 | INR 50 Lakh |
| Lloyd Insulation(I)Ltd. (C/o - GE Power) | NTPC Sipat | Thermal Insulation Works of WFGD Project for 3*660 MW TPP (Stage – I) at Sipat Super Thermal Power Project. | Bilaspur (CG) | 2022 – 2023 | INR 1.5 Cr |
| Shree Enermech Pvt. Ltd. (C/o - JVML) | JSW Steel Ltd. | Thermal Insulation Works of Electrostatic Precipitator (ESP) and auxiliaries Duct for Pallet Plant #1 Project. | JSW Steel Ltd, Bellary (KA) | 2022-2023 | INR 35 Lakh |
| Shree Enermech Pvt. Ltd. (C/o - UTCL) | Maihar Cement Works | Thermal Insulation Works of WHRS Boiler and auxiliaries for Ultratech Cement Plant Line #2 at UTCL_Maihar Cement Works. | Maihar (MP) | 2021-2022 | INR 70 Lakh |
| Shree Enermech Pvt. Ltd. (C/o - JVML) | JSW Steel Ltd. | Thermal Insulation Works of Electrostatic Precipitator (ESP) and auxiliaries Duct for Pallet Plant #3 Project. | JSW Steel Ltd, Bellary (KA) | 2020-2021 | INR 1.25 Cr |

OUR SERVICE PROJECTS :

| Name of Client | Name of Customer | Nature of Work | Place of Work | Period of Work | Contract Value |
|--|------------------|---|------------------|----------------|----------------|
| G+H Insulation (I) Pvt. Ltd. (C/o - L&T-MHI) | NUPPL | Thermal Insulation Works of Boilers and auxiliaries Duct for 3*660 MW TPP at Ghatampur Thermal Power Station. | Ghatampur (UP) | 2019-2020 | INR 1.10 Cr |
| Golden Edge Engg. Pvt. Ltd. (C/o - BHEL (WR)) | NTPC Vindhyachal | Thermal Insulation Works of Electrostatic Precipitator (ESP) and auxiliaries Duct for 6*210 MW (Stage - I) ESP R&M Project at NTPC Vindhyachal. | Vindhyachal (MP) | 2018-2019 | INR 55 Lakh |
| G J Insulations Pvt. Ltd. (C/o - B&R) | HPCL Mumbai | Double Insulation Works of Pipe Line and auxiliaries for HPCL Mahul MR - II Tankage Project at Chembur (Mumbai). | Mumbai (MH) | 2018-2019 | INR 50 Lakh |
| Shivam Energytech Pvt. Ltd. (C/o BHEL(WR)) | NTPC Korba | Thermal Insulation Works of Electrostatic Precipitator (ESP) and auxiliaries Duct for 3*200 MW + 3*500 MW (Stage - I&II) ESP R&M Project at NTPC Korba. | Korba (CG) | 2016-2018 | INR 85 Lakh |
| Unified Power Pvt. Ltd. (C/o BHEL (WR)) | SAIL - RSP | Thermal Insulation Works of Electrostatic Precipitator (ESP) and auxiliaries Duct for Sinter Plant #1 at RSP Rourkela. | Rourkela (OD) | 2015-2016 | INR 38 Lakh |
| Golden Edge Engg. Pvt. Ltd. (C/o - BHEL(NR)) | PSEB | Thermal Insulation Works of Boiler and auxiliaries for 4*120 MW R&M Project at GNDTP Bathinda. | Bathinda (PB) | 2013-2015 | INR 30 Lakh |
